

KANKAKEE RIVER VALLEY PRESCRIPTION AND DRUG DISPOSAL PROGRAM

This program keeps pharmaceuticals out of the water supply by using drop-off boxes. The drugs are out of the reach of children, and inappropriate use by criminals is avoided. The EPA (Environmental Protection Agency) has asked communities to stop flushing unwanted medications down the drain.

Kankakee County, in cooperation with the local police agencies and the Illinois EPA, began this Medication Disposal Program in 2009. Please share this information with friends, neighbors and family members to protect our fishing, recreational, and drinking water resources.

PLEASE PROPERLY DISPOSE OF YOUR OLD DRUGS. THANK YOU!!

DROP-OFF INSTRUCTIONS

1. Bring personal (not medications from businesses or doctors' offices) meds to drop-off locations.
2. Use a permanent marker to blackout your name and personal information on the label.
3. Take medications to the police drop-off stations during drop-off operation hours ONLY.
4. Place medications in the designated drop-off box.
5. This is not a share or reuse program. All dropped-off medications will be destroyed in the most environmentally-sound manner possible.
